Sacred Heart Catholic School
Optional Tax Deductible Contribution
2018-2019

We appreciate your additional support. Each family has the opportunity to make a targeted tax-deductible contribution to our school.

The gap between the cost to educate and the parishioner rate of tuition is about $2,075. There are many ways we bridge that gap. Sacred Heart Parish makes a significant contribution from offertory income each year to help bridge the gap. Revenue from our Daycare Program, which was established through Parish investments, help us to bridge the gap. Parish and School fundraisers held throughout the year help us to bridge the gap. We also receive grants from outside groups such as the Archdiocese and other charitable foundations which help us to bridge the gap.

Each family also has the opportunity to make a targeted tax-deductible contribution. All such contributions are completely voluntary. These contributions will not be used to decrease Parish support for the School. Instead, they will be additions to the school budget and used, for example to fund tuition scholarships to help financially-challenged families, who would like to enroll their children in the School and to fund additional improvements to the school academic programs.

This program offers families, who are able, a financial tool other than contributions to the Parish Offertory opportunities to directly enhance Sacred Heart's mission of providing a strong, Catholic education to all of its member families.

These contributions need to be provided by separate check to confirm and document their tax-deductible status.

Family Name_____

_____$250 _____$500 _____$750 _____$1000 _____Other

Tax Deductible Contribution $_____

Preferred Uses of Contributions (Check One or More)

_____Tuition Scholarships _____Academic Enhancement

_____Endowment _____Technology

_____No Preference (School will determine greatest need)
