Tracking/websites/volunteer fee/mid-year reports | All |
| 8. Policies:
Finalize pesticide policy | |

Pesticide Application at School MN Statutes 121A.30

The Parents Right to Know Act of 2000 requires schools to inform parents and guardians if they apply certain pesticides on school property. Specifically, this law requires schools that apply these pesticides to maintain an estimated schedule of pesticide applications and to make the schedule available to parents and guardians for review or copying at each school office. State law also requires that the public is told that the long-term health effects on children from the application of such pesticides, or the class of chemicals to which they belong, may not be fully understood. If you would like to be notified prior to unscheduled pesticide applications (excluding emergency applications), please contact

the school office at 763-537-1329 for more information.

Review health policy (will bring to meeting)

9. New Business

All

10. Closing Prayer

All
